BIG SEIZURE OF SMUGGLED LIQUOR

FOUND HIDDEN IN WOOD PILE NEAR ROMA.

Uncle Sam's Men Deprive Unknown Owner of 25 Gallons of Fine Vase Paint Smuggled From Mexico.

One of the largest seizures of smuggled liquors along this section of the border within the past two years was made Tuesday near Roma by Mounted Custom Inspectors.

The contraband goods were hidden under a pile of wood in a yard near Roma, where they were found and seized by the inspectors. The seizure consisting of 35 quart bottles of mescal, 24 quart bottles of cognac, 32 quart bottles of tequila and 12 quart bottles of Vermouth. A dun mare and a saddle were seized at the same time. The authorities have thus far been unable to obtain sufficient proof to locate the smugglers.

The goods that were seized will be sent to the custom authorities at Brownsville. From here they will be sent to San Antonio shortly, together with a considerable quantity of other "wet goods" which will go to the custom house there to be sold at auction.

It was formerly the custom to sell smuggled liquors, as well as all other smuggled goods seized in the Brownsville district at the custom house here, but several years ago a new ruling was made by which all liquors, cigars, cigarettes and Mexican drawn-work seized on the border are now sent to San Antonio for sale by the customs authorities there. This was done on account of the fact that, when these articles were sold here, local dealers would buy a small quantity at Uncle Sam's auction and then use the certificate of such purchase to cover smuggled stuff which they would keep on hand also.

The local custom house generally makes a shipment of smuggled goods of this class to San Antonio about once a year.

Tonight at eight o'clock at the federal court room the meeting of the board of directors of the Brownsville Business Men's Club called by H. C. Mora, president of the club, will be held. It is hoped that as many of the directors as possibly can will attend the meeting as the question of securing a secretary, permanent quarters for the club and other matters of equal importance will be discussed.

Mr. Marshall, whose name is well-known to readers through his authorship of an inimitable series of negro dialect stories, has been in the valley before, but for a short time only. He intends to stay long enough now to look the ground over thoroughly, as he is enthusiastic regarding the future of the country. Mr. Dann, who is making his first trip down here is the son of the treasurer of the Simmons Hardware Co., and is himself connected with the Bank of Commerce of St. Louis.

MASURY

The name Masury means something. It designates QUALITY. Just as the word Sterling stamped on silver indicates fineness and purity, the word MASURY means the best—none other as good. It has taken fifty years' experience to level up the standard of the Masury Paints to the high level where it stands today—absolutely pure pigments; pure linseed oil—"net weights and full measure," every can labeled, giving actual percentage, composition, etc.
